# ABOUT

**Linkin Park are bringing their explosive From Zero World Tour to Bengaluru for a special standalone concert on January 23, 2026, at Brigade Innovation Gardens.**

**Following a historic global comeback and the overwhelming love pouring in from Indian fans, the band is answering the call with an exclusive, high-voltage live experience in the city. This marks their first-ever performance in Bengaluru - an unforgettable night powered by raw energy, emotion, and the unmistakable Linkin Park sound.**

**Celebrating their #1-charting album FROM ZERO, the band, Mike Shinoda, Dave "Phoenix" Farrell, Joe Hahn, Emily Armstrong, and Colin Brittain are set to deliver brand-new stadium anthems like The Emptiness Machine and Heavy Is The Crown with the iconic tracks that shaped generations. Expect a show that's intimate yet electric, intense yet deeply personal, crafted for the fans who have waited years to witness Linkin Park live.**

**As the band expressed, "One show wasn't enough," the Bengaluru experience transforms their long-awaited India debut into something truly special: a louder celebration and a moment built purely for the fans.**
